

## **CALL FOR SERVICES INTERPRETATION FOR ONLINE EVENT**

### **1. Background**

The European Network of Political Foundations (ENoP) is a cooperation structure, serving as a communication and dialogue tool between the European political foundations and the Institutions of the European Union (EU), as well as civil society actors in the fields of democracy support and development cooperation. Furthermore, the network provides services to its members to facilitate their participation in the respective programmes of the EU.

ENoP brings together 54 member foundations from 22 European member-states and the UK. The members are affiliated to six political party families represented in the European Parliament (Renew Europe, EPP, S&D, ECR, Greens/EFA, GUE/NGL), but are independent in their decision-making and financing of international projects.

The Get Involved! Project constitutes a pilot initiative of the Europe Commission, aimed at exploring the avenues for collaboration with political parties in partner-countries through a multi-party approach. The objective of the project is to empower women in politics across political party lines in two target countries, namely Morocco and Benin.
